WORK HISTORY

- 1990-1997 Senior Social Worker, Kentucky River District Health Department*
I was responsible for the daily program management of the HCBW program in Wolfe County. I assessed the needs of patients, developed care plans, coordinated patient care, provided counseling services, worked with other agencies to access resources, and maintained confidential medical records.
- 1997-2001 HCBW Program Director, Kentucky River District Health Department*
I supervised employees in the delivery of social services to clients of our home health agencies and prenatal clinics in 7 counties. I provided direct social services to clients, which included performing assessments of client's situations, and the development and implementation of care plans to address their needs.
- 2001-2005 Director of Social Services, Kentucky River District Health Department*
HANDS Technical Assistance Specialist
I supervised social workers and case managers in the home health and Home Community Based Waiver programs. I provided supervision and technical assistance to social service staff working in prenatal and HANDS programs. I assisted in program and policy development and fiscal planning. I was also part of the state training team for HANDS.
- 2002-2003 Adjunct Faculty, Hazard Community College*
I conducted classes in the field of Human Services at the Lees College Campus of Hazard Community College.
- 2004-2012 Part-time Faculty, University of Kentucky*
I conducted classes for the College of Social Work in the MSW program.
- 2005-2017 Public Health Director, Clark County Health Department and Home Health Agency*
I plan, organize and direct the activities of this single county health department that provides a full range of public health services to the community. These include population health, clinical services, home visitation, environmental services, outpatient rehabilitation, WIC, community assessment and planning, dental services, and substance use disorder services.
- 2006-2017 Training Consultant, Great Kids, Inc.*
I provided trainings to public health workers in home visiting programs in the United States and Canada.
- 2007-2017 Part-time Faculty, Morehead State University*
I taught social work classes including Public Policy and Research.

2018 - Present

Public Health Director, KY River District Health Department

I plan, organize and direct the activities of this seven-county district health department that provides a full range of public health services to the community. These include population health, clinical services, home visitation, environmental services, WIC, community assessment and planning, and substance use disorder services.
